

Hello everyone:

The NoHaz dates and locations are finally squared away and are listed below. You will notice that we will not be having a collection event in Independence Township/Clarkston or Orion Township this year. The school we usually use in Independence will have construction projects this summer, as will the other schools in the Clarkston District that would be suitable for a NoHaz event. In Orion we were not able to get details worked out for a new site for 2019. We will work on that for 2020 to get a collection back in Orion.

The Oakland University event will most likely be in the same parking lot as the last couple of years, but there will be construction projects throughout campus so they asked that I hold off on specifying the exact location until the details and timing of those projects are figured out. As soon as I know, I'll let you know and we will provide traffic instructions and a map.

All communities from last year are participating this year, and we are welcoming Brandon Township/Ortonville to the program!

We will be ordering the brochures and posters this week and I will get them to you as soon as they are done. The website and hotline should be updated this week. The Interlocal agreements will be starting the Board of Commissioner's approval process later this month and should be executed in mid-March. You will then receive a signed copy back from the Elections Division of our Clerk's Office.

Thanks and please let me know if you have any questions. I'll be in touch soon. Have a good week,
Whitney
