All,

We have set a tentative treatment schedule for the Townships and Villages we are treating in Oakland County. This schedule will be dependent upon the weather and may vary a day or two if we get held up. We will be treating the Villages and Cities within the Township at the same time. The schedule is as follows:

Wednesday, September 25th: Groveland Township

Thursday, September 26th: Addison Township & Milford Township

Friday, September 27th: Oakland Township

Monday, September 30th: Orion Township & Commerce Township

If the schedule changes, we will contact you directly to let you know of the revised plans. Let me know if you have any questions.

Steve Hanson
